Providing excellent service that is guaranteed to make both you and your furry friend happy, Stylin Paws Salon and Day Stay understands the grooming experience is made up of three key components: The Stylist, The Pet, and The Pet Owner. In order for the best possible experience to take place, they know each of these components must be respected and appreciated by the facility owners and management. The Stylin Paws team truly cares for you and your pet's happiness, and it definitely shows.

The idea for this customer-friendly business came to fruition in 2016 when owner, Sherry Dickerson, saw a void in the Des Moines area for comprehensive pet care facilities that provided an elevated level of professionalism and experience. Through further research, Sherry learned that the number of pet care facilities was not adequate for the growing population west of the interstate, and Stylin Paws was born!

Stylin Paws has been a Clive Chamber member ever since they opened their doors in September. "We strongly believe that we are not only part of the Clive/Waukee/Urbandale community, but a part of the pet community and the business community too," says owner Sherry Dickerson. "We wish to positively impact our entire community, and we believe that starts with the Chamber."

The Stylin Paws team invites you to come experience the difference for yourself, where you can be sure your pet receives the care it deserves. To learn more about their business or to book an appointment, you can visit their website www.stylinpawssalon.com.
