Bringing over 100 years of construction experience to the table, Orton Homes strives to build custom homes to fit each individual customer's needs. Whether it be a first time home buyer or those building their last home, the Orton Homes team will take you step by step through the entire process from site selection to moving you into your brand new home. Their homes go through a Quality Assured Gold Star Program to guarantee they are fully complete. They also offer a one-year limited warranty to ensure that their clients enjoy living in their homes as much as they did choosing and purchasing it.

Orton Homes is owned and operated by Robert S. Orton. Real estate has always been a passion of Rob's, and this passion has led him to be involved in the construction of thousands of homes. After marrying an Iowa native, Rob settled his family in Des Moines and started Orton Homes. By partnering with Brooks Rolling, Rob eventually grew the company from 20 homes to over 200 annually. Customer service and satisfaction has always been vital to their business. They know how stressful building a home can be and want to make it as simple as possible.

Orton Homes became a Clive Chamber member in 2014 when their office relocated to Clive from West Des Moines. "Clive gave us the space we needed to grow as a company in the perfect centralized location," employee Emma Bingham states, "Being a part of the Clive Chamber of Commerce gives us an amazing opportunity to network with other local businesses and expand our business."

They offer many plans to choose from, or work with their architect to design the custom home of your dreams! For inspiration, visit their show room Monday-Friday from 8:00 am to 5:00 pm and check out one of their many open houses throughout the Des Moines metro area.
