• Providing care to a wide range of patients, Hearing Doctors of Iowa predominantly serves patients in need of comprehensive hearing evaluations, tinnitus evaluations, customized solutions for treatments of hearing loss and tinnitus, hearing aid fitting and service, occupational and DOT evaluations, custom hearing protection, and complimentary consultations. With this esteemed list, it might seem kind of complicated, but Hearing Doctors of Iowa brings state-of-the-art options to you so that deciding on your care plan is a team effort!

• Hearing Doctors of Iowa was founded in 2017 by Dr. Jessica Dimmick. Dr. Dimmick is a Midwest native and previously practiced in Ames and Boone for a small, family owned practice. Private practice ownership has always been passion, and the culmination of experiences from ENT, VA, and private audiology practices built a foundation of skills that gave rise to the start-up of Hearing Doctors of Iowa. Her first location opened in Ankeny, but by reaching into Clive, the residents have the advantage of an easily accessible smaller practice. Dr. Dimmick's vision is to always have patients feel like they are a part of the family when they visit the office.

• Hearing Doctors of Iowa became a member of the Clive Chamber in November of 2017. "We believe it is important to be an active part of our community, and this is one of the wonderful ways to help us achieve that goal! We look forward to our ribbon cutting and other great opportunities the Chamber has to offer in the future."

• Better hearing means better life! The Hearing Doctors of Iowa team wants you to equip yourself with the right professionals, the right tools, and the right service – all of which they provide. To learn more or to schedule a consultation with them, you can visit their website hearingdoctorsofiowa.com.

• Members on the (blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.
