Clive, IA 50325

• Transportation is at the center of our world and the glue to our daily lives! Ace World Wide uses their size and strength to offer a large range of transportation, logistics and distribution services for residential, business and industrial customers. Accountability, integrity, innovation, smart growth and environment are the core values that make Ace World Wide an exceptional business focusing on increased customer satisfaction and remarkable value recognition.

• Ace World Wide was founded in 1946 by a young teacher, John U. Steiner, in Rochester, Minnesota where he began moving family furniture locally. Eventually making his first interstate move, word of John's exceptional service traveled fast into what became a full-time moving and storage business with his brother and sister. Through three generations and over 70 years of family operation, Ace has grown to employ over 250 associates nationwide. The Ace World Wide Group has grown to become a diversified company in the transportation and warehouse fulfillment industries.

• Ace World Wide became a Chamber member in January 2012. Renee stated that, "Chamber involvement helps bring credibility to our business, increases our visibility in the community, creates networking opportunities, allows us to make new business contacts, provides customer referrals and gives us access to chamber events and programs!"

• While the company has grown significantly since inception, Ace World Wide has retained family-owned, hands on culture established by the founder. Ace acquired Prairie Van & Storage in June of 2017, increasing their national footprint into the Des Moines marketplace. Having shared the same strong customer focus, the combination of both national and local markets has helped deliver a more comprehensive experience for their clients in Iowa and beyond.
