Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.

Great Southern Bank offers one-stop shopping services with a comprehensive lineup of financial services that give customers more choices for their money. Consumers can choose from a wide variety of checking accounts, savings accounts, and lending options. Because Great Southern Bank understands the importance of convenient access to banking service, it has made customer access their top priority. Clients can access the bank when, where, and how they prefer, whether it is through one of the local banking centers, through an ATM, by telephone, or through online or mobile banking.

With a \$5,000 investment, four employees, and 936 customers, Great Southern Bank was founded in 1923. Today, the bank has grown to \$5 billion in assets, and 1,200 dedicated associates serve 160,000 households. The banking company operates 105 offices in 11 states, including 7 retail banking centers in Central Iowa. "Our team of associates makes a conscious effort to know our customers, learning their names and personal needs," states Branch Manager Patti George. "This offers Great Southern the opportunity to feel like a small community bank, but with the same products and services of national banks. You get the best of both worlds when you choose Great Southern Bank."

The desire to be a part of a strong, thriving community is a goal that Great Southern Bank shares with their customers and other members of the community. This goal prompted the bank to become a member of the Clive Chamber in 2017. "We see value in the Chamber of Commerce," says Patti. "Being an active member in the Chamber allows us the opportunity to be more engaged with the community and the chance to work alongside other businesses to reinvest time and resources." Great Southern Bank values community involvement, and this value is reflected through their Community Matters program, which focuses on understanding and responding to local needs through charitable donations, financial education, community developments and investments, and volunteerism.

"Our customers know that we are there for them and they know they will be greeted by a friendly face," writes Patti George. "On any given day, our associates are hard at work helping young families realize the dream of home ownership, helping a business owner expand his or her business, or providing the right product or service to help an individual save for a future goal."
