Hotel Renovo offers guests a variety of services to refresh, relax and renew! As a four-star hotel property located next door to their award-winning restaurant, Machine Shed, Hotel Renovo caters to travelers, companies who host meetings, wedding clients, family reunions, graduation parties and guests who crave a unique dining experience. Some of the amenities include a bocce ball court, outdoor fire pit, event spaces, bar/bistro, indoor swimming pool & whirlpool, loft suites, Starbucks coffee, and much more.

Hotel Renovo's company, Heart of America Group, owns and operates many hotels and restaurants throughout the Midwest. After receiving a full renovation four years ago this August, Hotel Renovo has continuous success with guests who love the new updates!

Hotel Renovo became a member of the Clive Chamber in January 2019. Reonna Snyder stated that "It is important to connect with other businesses in the community. The saying is so true, people do business with friends they trust. I've met some amazing people the last couple years and reconnected with others that I lost track of".

Reonna loves building relationships with her clients. From meeting the needs of her guests, to helping them succeed in a business, it is all about making memories and creating connections. Heart of America Group hires people who are passionate about hospitality, giving Hotel Renovo the opportunity to provide exceptional service to clients. To find out more about Hotel Renovo, visit their website at hotelrenovo.com.

Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.
