Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact [kschmidt@clivechamber.org](mailto:kschmidt@clivechamber.org).

As the SOLE provider of blood and blood products to more than 120 hospitals located across Iowa, Nebraska and South Dakota, LifeServe Blood Center is dedicated to saving the lives of all people. Statistics show that someone needs blood every two seconds, while one in seven people entering a hospital will need blood. LifeServe Blood Center continues to take an active role by receiving enough blood donations to be able to support the community blood supply. They need community members to roll up their sleeves and help save local lives!

LifeServe Blood Center was founded in 1963 when a need for a blood collection center was recognized. Since then hospitals have chosen LifeServe Blood Center to be the blood collection organization based on their excellent service, quality, reputation and accessibility of products.

LifeServe Blood Center joined the Clive Chamber in January 2019. Danielle West expressed "We want to help educate the community on the importance of blood donation. We are in constant need of blood donors and blood drive coordinators. We are hoping to connect with businesses and organizations who want to host lifesaving blood drives and help educate the community on donating blood".

The community blood supply depends on generous donors and coordinators. If there was not enough blood on the shelf many people would not be saved. It is an easy way to give back to the community in a short amount of time. The staff at LifeServe Blood Center truly love saving lives every day and encourage anyone interested in donating blood to get out and make an impact in the community because someone's life depends on it!
