Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact [kschmidt@clivechamber.org](mailto:kschmidt@clivechamber.org).

*"We value the networking opportunities with other members and appreciate the exposure the Clive Chamber brings to our business" – Tyler Greiner, Pharm D, Pharmacy Manger*

Midwest Compounding is an affiliate of Medicap Pharmacy Central Iowa. Medicap pharmacists have been caring for patients and their families for over 40 years, and Midwest Compounding originated to be able to further serve patients with medications tailored to their unique needs.

They can serve anyone with a prescription. Some of their specialties include hormone replacement therapy, pain management, pediatrics, dermatology, and even veterinary!

Midwest Compounding realizes that medications are not a one-size fits all. They welcome and enjoy helping patients with unique medication challenges and working with providers to find the best solution to fit their patients' needs. They continue to make the process easy by being able to deliver or mail medications directly to their patients.

Ortho Molecular products are a high quality supplement available at Midwest Compounding. Just ask Tyler Greiner, Pharm D and Pharmacy Manger which products might be best for you!

When they moved to Clive in the summer of 2019 they became members of the Clive Chamber and appreciate the exposure their membership brings. If you're interested in their services or simply want more information on this unique business, visit them at 12871 University Avenue, Suite 130 in Clive.
