Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.

- Heartland Roofing, Siding, and Windows (Heartland) was established in 2013 by Adam Olson, who started his career in roofing in 2010.
- Adam's goal for Heartland was to redefine the industry. Heartland has since been named one of the fastest growing companies in America by Inc5000 in 2019 and 2020.
- Reasons for their continued growth can be directly linked to how they treat their employees and customers. They never settle for mediocrity; they believe that excellence is never stagnant and are constantly improving the level of service they provide to customers. They value honesty and act with authenticity with customers, vendors and fellow team members.
- "We are where we are today because we live by our company values. First, we are a family. Second, we act with integrity and third we innovate for continued improvement," Chase Steuben, a Heartland Sales/Project Manager says, "we are focused on delivering an experience to our customers that they never experienced before, by taking the stress out of having a contractor work on your home. We do this by providing constant communication, delivering superior craftsmanship, and acting with integrity."
- Heartland joined the Clive Chamber of Commerce this fall. They are very proud to be located in Clive since 2013. And are excited to use their chamber membership to interact with other local businesses, and to give back to our great community.
- Heartland's employees would like potential customers to know they truly care about the work they do. They work hard. They are constantly learning, innovating, and installing processes to make sure to deliver on their promises. If mistakes occur, they fix them and learn from them. Heartland knows the work they do is important to help protect one of their customers' largest assets, and they take that responsibility seriously.
- Contact Heartland today for all your residential and commercial roofing, siding, window replacement and solar (New in 2022) needs by visiting www.heartlandroofingandsiding.com or calling 515-981-3838.
