• Cleaning and Maintenance Solutions (CAMS) is a locally owned residential and commercial cleaning company providing services and solutions to businesses and families within the greater Des Moines Metro. CAMS does it all! From recurring home cleanings, carpet and window cleanings, to mowing and taking care of curb appeal as well as many other solutions

• Owner, Cameron Bennett spent five years in the cleaning industry before opening CAMS. "I loved what I did but not who I did it for so in early 2020, I opted to start my own business," states Cameron. They opened their doors at the beginning of the pandemic and successfully made it through due to their business' continued efforts to provide the highest quality solutions to all their valued clients. CAMS was founded on the notice of shortcomings in the industry and strives to do better for not only their clients but their employees. They value a strong, and welcoming employee culture, where everyone can feel like they belong and have input into the work they provide daily. They take pride in the work they do and want to help the community shine.

• CAMS serves residents and business owners who take pride in the look and cleanliness of their home and/or business; and individuals looking for high quality solutions to their cleaning and maintenance needs whether it's one time or on a recurring basis. Cameron says "We value a job done right the first time and done at the highest quality. Clients should do business with us if they share our same values and want to support a local business and chamber member."

• In early 2022, CAMS became a Clive Chamber member. Having grown up in Clive, Cameron wanted to learn more about what this community has to offer to residents. He hopes to meet other local businesses to help grow mutual working relationships. Cameron believes it's important to connect their clients to other small businesses in the area to make sure all their needs are met. Being a Chamber member would help make that happen.

• Based out of Adel, Cameron really enjoys his little community as well as surrounding communities in central Iowa. He has two large dogs, Blaze and Sadie, as well as a little man who runs the household named Beau. He's currently 18 months old and has more energy than the rest of the family combined.

• To connect with Cameron Bennett and Cleaning and Maintenance Solutions, for any and all maintenance/cleaning needs call (515) 478-9443, email Cameron@CamsSolutions.com, or find their website at www.CamsSolutions.com.
