**CAPITAL
ORTHOPAEDICS**
& SPORTS MEDICINE PC

Capital Orthopaedics and Sports Medicine (COSM) was created in 2010, when two local orthopedic groups with similar environments and values joined together. Today, COSM's main office and orthopedic walk-in clinic are located in the heart of Clive with satellite clinics in Ankeny, Indianola, Pella and an outreach clinic in Knoxville. Having multiple locations, allows their highly trained specialists to treat patients all across Central Iowa.

The small group of physicians, surgeons, and staff provide medical care for anyone experiencing pain in their muscles or bones. Services range from on-site physical therapy to complex joint replacements. They value their trusted relationships with their patients. At COSM appointments are scheduled within a short time frame, allowing them to really know each and every one of their patients, all while providing high level, personalized care.

They are recent new members to the Clive Chamber, joining this November and look forward to building relationships within the Chamber and community! Wendy Wilson-Rice, the Director of Business Development states, "We decided to join because we are in the heart of Clive and want to give back to the city, all while being more involved in the Clive business community."

If you suffer an injury or have musculoskeletal pain that needs prompt attention, COSM's Orthopedic Walk-In Clinic provides treatment and services at their convenient location in Clive. There's no need to get a referral or even book ahead. To learn more about Capital Orthopaedics and Sports Medicine call (515)-440-2676 or visit their website at dsmcapitalortho.com. Anyone is welcome!

Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.
