**THE IOWA
CLINIC®**

Members on the (Blog)Spot is a monthly feature of member businesses of the Clive Chamber of Commerce. If you are interested in having your business featured, contact kschmidt@clivechamber.org.

- The Iowa Clinic, P.C. is the largest physician-owned multi-specialty group in Central Iowa. The more than 250 physicians and healthcare providers who practice in over 40 specialties and services see on average 700,000 clinic visits each year. All physicians are board-certified or board-eligible in their medical specialties and take pride in being the first in their marketplace to introduce new treatment options and preventative measures.
- They are a trusted partner of Central Iowa medical centers and hospitals – and support several outreach clinics in rural communities, providing additional levels of leading-edge healthcare for patients outside of their traditional coverage.

- Founded in 1994, The Iowa Clinic celebrated their 25th anniversary in 2019. They contribute their success to the promotion of integrity and collaboration among the physician owners and Clinic leadership. Their culture is critical to their mission of putting the patient first. The Iowa Clinic takes very seriously its responsibility to give back to the community where their physician owners live and work.

- In 2004, The Iowa Clinic Healthcare Foundation, also known as the Foundation, was formed. This project partnered with Free Clinics of Iowa to renovate seven free medical clinics. The renovation transformed temporary medical clinics located in church basements and community centers, into permanent more modern clinics to provide patients in need with free healthcare. In a partnership with the Des Moines school district, the Foundation provides free sports physicals. Without this service many student athletes are at the risk of being sidelined from playing the sports they love.

- “The Iowa Clinic is extremely excited to be contributing dollars along with hands-on support to complete a clinic makeover in Clive through the Free Clinics of Iowa and Clive Community Services. We are honored to partner with these organizations to address and serve expanded healthcare needs for our more vulnerable populations,” states Ben Vallier, CEO of The Iowa Clinic.

- The Clive Chamber was excited to welcome The Iowa Clinic as a new member this past December. While their primary location, the West Lakes Clinic is technically in West Des Moines, they are proud to serve patients living in Clive and the surrounding area. Along with the state-of-the-art medical facility in West Des Moines, The Iowa Clinic operates a multi-specialty facility in Ankeny, and seven clinic sites around the Des Moines area. Coming mid-2024 they plan to open a new multi-specialty medical center in Waukee on the northwest corner of Tallgrass Lane and Grand Prairie Parkway.

- To learn more about The Iowa Clinic’s services and experience their patients’ first culture visit, iowaclinic.com or call 515-875-9100, Monday-Friday, 8 a.m. to 4:30 p.m.
